# 2018 Viking 37 Billfish

Boat Type: Sport Fishing

Address: Long Beach, CA, US

Price: [Upon Request](#)

## OVERVIEW

### **NOW IN STOCK IN SOUTHERN CALIFORNIA**

***Contact Your Preferred SMY Location for More Info***

Our stock Viking 37 Billfish is now in stock in Southern California. She's perfectly outfitted for West Coast fishing. From her gleaming bow rails, to spacious fishing cockpit, she's ready to take you and your family on bluewater adventures.

From Viking Yachts, "Designed to emulate the historic Merritt and Rybovich day boats of that by gone era, the Viking 37 Billfish raises the bar on the memory of these classic vessels with slick, contemporary styling and modern and more durable materials to offer better performance, easier maintenance and attractive overnight accommodations."

**Highlights onboard:**

- Twin 550hp Cummins QSB6.7 with direct drive
- Dual helm stations
- AC/Heat at Command Deck (in addition to Lower Deck)
- Centerline queen berth layout option
- Fiberglass hardtop
- Two Release Marine helm chairs at Flybridge
- Upgraded 13.5kW generator
- West Coast style extended polished aluminum rails

**And Much, Much More!**

Total Cabins:	1	Crew Cabins:	1
Total Berths:	-	Crew Berths:	1
Total Sleeps:	1	Crew Sleeps:	1
Total Heads:	1	Crew Heads:	1
Captains Cabin:	-		

## DESCRIPTIONS

### Vessel Walkthrough

The day boat style offers unfettered access to the 86 square-foot cockpit equipped with a bait freezer, tackle stowage, a transom door with a lift gate, insulated fish boxes and a transom live well. The salon provides all weather protection with a comfortable U-shape dinette and hi-lo fiberglass table, which converts to a bunk, opposite a cushioned lounge. At the end of the day, there is plenty of room to relax in a comfortable environment, a significant element missing from today's wide open large center console boats.

The Viking 37 Billfish also is outfitted with a lower helm station, for comfortable all-weather use. The flying bridge helm features a center console command station with single lever and optional joystick controls, power-assisted hydraulic steering, Vessel View engine instrumentation, two helm chairs as well as lounges and jump seats.

Going below, the Viking 37 Billfish has a spacious and air conditioned layout thanks to its nearly 14 feet of beam. Amtico vinyl flooring is standard and the joinery is high-gloss teak. The private stateroom in the bow features a single queen bed. Good stowage is provided with a pair of maple-lined hanging lockers, starboard hull-side cabinetry, under berth drawers, and a fishing rod shelf. The entertainment system includes a 20-inch flat screen television, a CD/DVD player, stereo, and an auxiliary input.

The L-shape galley features Corian countertops, a stainless-steel sink, an electric cooktop, a microwave/ convection oven, under counter drawer-style refrigeration, and spacious cabinetry for dinnerware, cooking utensils and supplies ideal for extended traveling for tournament fishing and family cruising. The generously appointed air conditioned head includes a fiberglass shower stall, a vanity with built in Corian countertop and sink, and a mirrored medicine cabinet. With her quality interior finishes and appointments, the Viking 37 Billfish is well-suited for both serious sportfishers as well as for family cruisers (who enjoy dropping in a line here or there!)

Standard power is a pair of tier 3 common rail, in-line six-cylinder, turbo-charged and after-cooled Cummins QSB 6.7

diesels with 550 mhp, which deliver a 30 plus knot cruise and a top end approaching 35 knots, depending upon load, sea and environmental conditions. For ease of maintenance, each engine and other critical machinery is located beneath electrically-actuated hatches in the command deck area. The engineroom bays, bilges and lazarette are finished with white gel coat for easy cleaning. The molded fiberglass hull with 12.8 degree transom deadrise includes premium vinyl ester resin barrier coats, biaxial stitched fiberglass fabrics, cored construction from the chine to the sheer and a solid fiberglass bottom. A molded fiberglass gel coated grid forms the stringer system which is chemically bonded into the hull and also serves as the base for nesting other internal components including the FRP floor into the boat for structural integrity.

**Featured Options Aboard our Viking 37 Billfish include:**

- **Molded fiberglass hardtop with spreader lights**
- **(5) rod rocket launchers at Flybridge**
- **Swim platform with ladder**
- **Cockpit shower**
- **Second Release Marine helm chair at Flybridge**
- **(2) additional rod holders at cockpit**
