CABO Yachts Introduces
The *New* 52 Flybridge.

www.CABOyachts.com

The CABO 52 Flybridge is newest model design to join the venerated CABO Fleet and also ranks as the company's newest flagship.

The 52 Flybridge is built on the same foundation as the popular 52 Express. Superior hull balance allows the 52 to cleave rough seas, glide comfortably over large waves, stir up less spray and move through the water with minimal hull resistance. Like all CABO's before her, the

have praised CABO Yachts for its single-minded devotion to quality.

From the very beginning of the company's existence, founder Henry Mohrschladt had a vision that one day the company would launch a convertible in the 50 foot range that would become the best built, best designed sportfishing boat in the world. Contributors to that goal are the owners of more than 1200 CABOs built to date — as well as thousands of

offshore fishing often takes it's participants to the most demanding environments on earth — while at the same time is among the most exhilarating sports there is! Coaxing a prized catch out of deep blue water is an exhilarating experience both unforgettable and addictive, combining smarts muscle, timing and technique. If you want to fish where the big ones swim, you need the right equipment, namely a sportfishing boat built and designed to the task.

"The new 52 Flyridge is undeniable proof that CABO Yachts has continued it's dedication and commitment to its customers — providing the best sportfishers built anywhere."

Greg Bourque, CABO Yachts founding team member and Director of Business Development.

52 is designed and built specifically to meet the needs of offshore fishermen looking for a boat that is tough enough to meet their every challenge.

Since 1991, CABO Yachts has established itself as one of the nation's premier builders of high-end sportfishing boats — a remarkable feat in an industry dominated by East Coast manufacturers with well established brands. However, even the toughest critics in the business

conversations with designers, industry experts and offshore sportfishing enthusiasts. Our team of highly gifted and skilled craftsmen have earned the respect of the entire boating industry and the praise of it's most stringent critics. The New Cabo 52 Flybridge is the result of years of hard work and the realization of those early plans.

At the core of the 52's design, as with all CABOs, is a keen awareness that
